Happy Birthday to our respectable, honorable and loving spiritual leader, Margaretha, who is the forerunner in bringing the messages of Aliyah to churches in the nations.

May I share with you one of the seeds that you have sown in the past, now comes to flourish. David from Hong Kong, has established the **xxxx** House of Prayer on **xxxx** in Jerusalem this year. He shared with me that you are the one who has ignited his love of Israel and removed his veil of replacement theology in a meeting in 2005. After your prayer in the meeting, he boldly respond to God's calling and brought his whole family to Jerusalem in 2008. After all these years of God's work, a **xxxx** House of Prayer is opened in this March to prepare His glorious return.

To God the glory, and to you the faithfulness and one-heartedness to Him.

Bless you with excellent health, abundant wealth and numerous harmonious relationships with families.
